

Fair Market Value Services

HealthWorks provides valuation services in the healthcare field. We have completed more than 1,200 valuation engagements for more than 80 hospitals and medical groups in 19 states during the past five years. Our opinions are grounded in technical valuation training and experience as well as our consultants' personal experience in hospital and medical group executive management.

Standards and Qualifications

- Opinions are prepared in accordance with standards of the National Association of Certified Valuation Analysts
- Our valuator credentials include CPA, MHA, MBA, AVA, CVA

Features and Data Sources

- Rapid turnaround
- Transparent methods and assumptions
- Appropriate use of market, cost and income methods
- Customized formats for client preferences
- Use of published market surveys, proprietary surveys, and MD Ranger data -- a cutting-edge hospital-physician contract data base
